Public Notice #07-011-TV-C

Date: January 31, 2007

NOTICE OF A DRAFT AIR CONSTRUCTION PERMIT

VULCRAFT (DIVISION OF NUCOR CORPORATION)
1501 DARLINGTON STREET
FLORENCE, SOUTH CAROLINA
(FLORENCE COUNTY / REGION 4 FLORENCE EQC OFFICE)
AIR PERMIT NO. 1040-0029-CD

Vulcraft - Division of Nucor Corporation (Vulcraft) has applied to the SC DHEC for a construction permit to establish new federally-enforceable Volatile Organic Compound (VOC) emission limits at its existing Joist Plant. A draft permit and engineering calculation sheets have been written by the BAQ outlining this proposal and applicable regulations. This permit will enable the facility to operate in compliance with state and federal air quality regulations. The draft permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA).

If this permit is approved, a federally-enforceable limit of less than 203 tons per year of VOC emissions will be established at the Joist Plant. The plant will also be allowed to use low VOC coatings for 93% of its coating operations. These limits are being proposed by Vulcraft in an effort to achieve higher VOC emission reductions. There will be no new construction, physical modifications, or emission increases from sources at the plant as a result of this proposal. This permit will be incorporated into the facility's Title V Operating Permit with no additional public comment period, provided all public participation and EPA requirements were met with notice of the construction permit action. All emissions limitations and conditions in the draft construction permit have been written in accordance with the SC Title V Operating Permit Program.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by March 1, 2007, to James Myers at the above DHEC address. All comments received by March 1, 2007, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Donna Moye at the above DHEC address or by e-mail at: moyedd@dhec.sc.gov. If a public hearing is requested and scheduled, notice will be given in this newspaper thirty (30) days in advance. A final review request may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through March 1, 2007, at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Region 4 Florence EQC Office, 145 East Cheves Street, Florence, SC 29506 at (843) 661-4825.

The BAQ maintains a county-based mailing list of persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Donna Moye at the above DHEC address or e-mail. Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing at a \$.25 per page charge. Please bring the foregoing to the attention of persons you know will be interested in this matter.

This public notice may be viewed through March 1, 2007, on DHEC's website at:
